

Coahoma ISD

Coahoma Independent School District is located in Howard County and is in the heart of an agricultural and oil producing area in west Texas. Coahoma is on Interstate 20 approximately 10 miles east of Big Spring.

The district is comprised of approximately 840 students with one elementary, junior high, and high school campus. All of the district facilities are located within walking distance of each other and have recently undergone extensive renovations and improvements thanks to the support of our community.

Coahoma I.S.D. is small enough to give students the individual attention they need yet large enough to provide the latest technology and offer the academic, vocational, and extra-curricular programs that engage students. It is our goal to nurture, challenge, motivate and support students to achieve far more than they ever thought possible. We are focused on continually working to improve, and we are a close knit community that truly cares about our students.

Coahoma I.S.D. is a district with a proud past and a bright future. We welcome you to visit our schools and our community. More information can be found on the school's web site at www.coahomaisd.com.
